

HEALTH GUARANTEE

THIS HEALTH CONTRACT GUARANTEE FOR ONE YEAR ON OUR PUPPIES FOR ANY GENETIC PROBLEM!

This contract does NOT cover normal conditions of this breed (french or english bulldog) such as: cherry eye, entropion or ectropion, loose hips or knees, patellar luxation (1,2,3 grade), allergies, soft palate issues, trachea issues, stenotic nares, inverted tails, skin allergies, fertility issues, parasitic, fungal or bacterial infection, respiratory infection, undescended testicles.

THIS GUARANTEE IF NOT COVER GENETIC DEMODEX MANGE AND ANY PROBLEM WITH ANY SKIN CONDITIONS!

Demodectic mange, also called "demodicosis," is caused by a microscopic mite of the Demodex genus. Three species of Demodex mites have been identified in dogs: Demodex canis, Demodex gatoii, and Demodex injai.

DEMODICOSIS HAS THREE FORMS

FORM #1: LOCALIZED

FORM #2: GENERALIZED

FORM #3: DEMODECTIC PODODERMATITIS

The most common mite of demodectic

mange is Demodex canis.

All dogs raised normally by their mothers possess this mite as mites are transferred from mother to pup via cuddling during the first few days of life. Most dogs live in harmony with their mites, never

suffering any consequences from being parasitized. If, however, conditions change to upset the natural equilibrium (such as some kind of suppression of the dog's immune system), the Demodex mites may "gain

the upper hand." The mites proliferate and can cause serious skin disease.

BUT IF YOU WILL FOLLOW ALL OUR RECOMMENDATION:

KEEP PUPPY WITH RIGHT FOOD, VITAMINS AND DO NOT GIVE

PUPPY A STRESS IMMUNE SYSTEM OF YOUR PUPPY WILL BE VERY STRONG AND PUPPY WILL NOT

HAVE ANY PROBLEM WITH MANGE AND ANY SKIN CONDITION!

This guarantee does not cover what is considered normal for the bulldog breeds, such as: cherry eye, loose hips, skin allergies, skin yeasts, skin fungus, elongated soft palate, under bite, stenotic nares, snorty breathing, inverted tail or inverted vulva and occasional heart murmurs of a 1, 2 or 3 level, that are not of a life threatening nature. (dogs carrying some congenital defects will not be recommended for breeding and no breeding rights will be allowed with these specific sales.) All our dogs are vet checked before sales and any foreseeable issues must be disclosed to buyer. Nondisclosure is not an option but it is understood that some of these "normal bulldog issues" can occur later in life and are not the fault of the breeder.

All puppies Sold will be honestly represented and evaluated as accurately as possible. Buyer agrees to have the puppy examined by a reputable veterinarian within 72 hours from the time of the purchase & to have the Veterinary Examination Report completed by the attending veterinarian. This report must be returned to seller immediately following the examination. Failure to return written report within 24 hours of exam invalidates this contract.

If this veterinarian establishes a MAJOR problem such as incurable illness that

will effect puppies life span, (internal, external, parasites & kennel cough excluded) with the puppy upon initial examination, puppy must be returned immediately within 72 hours of purchase date. Seller reserves the right to have puppy examined by a veterinarian of seller's choice, before exchange is made.

We will replace the puppy with a new one, If no replacement is available at that time, seller will have 12 months to furnish satisfactory replacement. During that time, buyer will be given a voucher for the puppy & notified IMMEDIATELY when comparable puppy is available. ALL exchanges are limited to the same value of purchase price of the puppy.

The puppy cannot be returned after the quarantine period has expired and/or if it has been exposed to another animal, which has not been kept current on their vaccinations.

It is the responsibility of the buyer to provide immediate veterinary care to any puppy showing signs of illness or distress & failure to do so will render any guarantee null and void. Under no circumstance is a puppy to be destroyed prior to notification by the seller. If a puppy dies within the guarantee period, despite medical treatment, replacement will be made ONLY if a veterinarian certifies the cause of death.

Seller will not be held liable for any medical or behavioral problems due to transit.

This will be only upon the return of the original puppy with AKC/Other registration Papers to company CHAMPION PUPS. If death occurs an autopsy will be required for a replacement.

Puppy is guaranteed for 1 year from the date of purchased against genetic defects only if the following guidelines are followed exactly:

- a) The buyer must notify seller of any genetic defect immediately.
- b) A written statement as to the genetic defect must be provided to us from buyer's veterinarian.
- c) A written second opinion from another veterinarian must be provided to us from buyer
- d) Seller's veterinarian will examine the puppy. After these guidelines are followed, if there is a genetic defect present we will provide a replacement puppy of the same value. And take your puppy back.
Should buyer choose to relinquish ownership of the puppy to company CHAMPION PUPS, we will replace the puppy, less any Shipping or Miscellaneous charges necessary for transportation of puppy to/from this location.
AKC/Other Reg. Papers with a signed transfer must accompany the puppy.
Veterinarian or Emergency Veterinarian care expensed incurred by the buyer, for any reason, will Not be company CHAMPION PUPS responsibility.
AKC/Other Registration Papers will be supplied or will be Mailed as soon as received.

Show/Breeder Quality, Size, Color, and Temperament of Puppy is Not guaranteed.

This Contract supersedes any and all previous agreements.

This contract is Null and Void if the terms and Conditions are not fulfilled & if the contract is not signed & returned back to me within

96 hours (72 hours + 24 hours after vet visit) of purchasing the puppy.

This agreement is made and entered into the State of California and shall be enforced and interpreted under the laws of this state.

Buyers Signature: _____ Date: _____

Buyer Print Name: _____ Date: _____

Sellers Signature: _____ Date: _____

If Buyer decide's they cannot keep Puppy/Adult dog for any reason, I will be the "First" Notified to Purchase Baby/Adult animal back, before anybody else is allowed to purchase animal back. And of course receiving Puppy/Dog back with Full AKC/Other Papers as well.

This Document is Subject to Change at anytime.

Puppy/Dog Instructions:

- * Puppy must be fed Puppy Food, & Watered 3 to 4 times daily for the first year of it's life.
- * Puppy must be Vaccinated if needed
- * Puppy must receive Rabies Shots between 3 & 4 months of age once a year, along with other Vaccinations once a year.
- * It is also required that puppy receives a Fecal exam, & checked by your local Vet that puppy has clean bill of health.
- * Puppy/Dog Should Not~ be left outside if weather is 90% degrees or more. Even with Shade a puppy/Dog can get way to Hot, & have a possible heat stroke.
- * We also advise that if you are wanting to breed, that you make sure from your Vet that the dog is Show/Breeder quality, & in perfect health so that you can continue to better the breed!!

And those conditions are excluded from any guarantee and are not valid to reject the puppy due to these conditions. The buyer agrees to have the dog examined by your veterinarian at your expense within 96 hours from date of purchase. If the veterinarian does not give the dog a clean bill of health, buyer must notify the seller immediately. Seller reserves the right to have the dog re-examined by our veterinarian at our cost. Any condition that is minor, correctable or a breed related minor condition (for example Cherry Eye, Entropion, skin allergies, illness of skin) is not covered and no condition which could go away, or is considered to be a condition which a puppy will likely grow out of is covered.

This guarantee does not cover illness of a skin (ringworm or any kind of mange), because French and English bulldogs have very sensitive skin. And your puppy can easily be ill influenced by skin infection in the places puppy visits which sick animals attended: e.g. in pet mart, veterinary clinic, parks and other places. The age period of a life of your puppy when there is a change of teeth is especially very dangerous. To prevent diseases of an infection of a skin. You need is necessary to give vitamins to your puppy: BREWERS YEAST (EXCEL 8 in 1) with Omega 3 Fatty Acids and Garlic. These vitamins provides proteins, zinc and Biotin for healthy skin and coat and helps reduce shedding.

We can't give guarantee to what size of nose passes English and French bulldogs have, because they have a flat nose. If you do not like that your puppy snores you can do an operation to him in order to expand his nostrils. We is not covered this operation.

We cannot also guarantee the cherry eye because it occurs very often with bulldogs. You need close your puppy's eye and make a light massage and try to put the cherry eye back. If you can't put back your puppy needs immediate veterinary help to take the cherry eye away. We is not covered this operation.

This guarantee does not cover baby hernia and we will not covered surgery for baby hernia.

This guarantee does not include Parvo, Coccidia, GIARDIA and another parasites, Kennel Cough or Respiratory infection.

This contract does NOT cover normal conditions of this breed (french or english bulldog) such as: cherry eye, entropion or ectropion, loose hips or knees, patellar luxation (1,2,3 grade), allergies, soft palate issues, trachea issues, stenotic nares, inverted tails, skin allergies, fertility issues, parasitic, fungal or bacterial infection, respiratory infection, undescended testicles.

This guarantee does not include Elongated Soft Palate.

This guarantee does not cover hip dysplasia (genetic or not genetic), because Hip dysplasia is a common condition that occurs mostly in larger breed dogs, including English or french Bulldogs.

If the dog is then found not to be in good health, Seller will resume possession if this is agreeable to both parties. Seller does not accept responsibility for contagious disease diagnosed after 96 hours from the date of purchase. Your dog has been tested and examined for many conditions to assure his health. Heat stroke, exhaustion, dehydration and other heat related conditions are not covered in any way. He/She must be an indoor dog.

Your puppy should NEVER be given any LYME or LEPTO vaccine at any point in their life! This vaccine is not proven to be effective and can result in many complications and illnesses. It is simply better to prevent your dog from getting ticks by applying Frontline/Revolution ONLY, monthly. Avoid any and all over the counter flea and tick medications as they can cause very serious ill side effects even death!! If your puppy is given a lyme or lepto vaccine at any point, all guarantees are null and void!

You puppy/dog should also NEVER be given a Lepto vaccine if avoidable as this vaccine can initiate an allergic reaction in the bull dog breed which can cause respiratory distress and possible death. If you live in an area where leptospirosis is seen frequently and your vet insists on this vaccine, which we do not agree with, it should never be given until your dog is over the age of 18 months. Any Lepto vaccine given at any point before this age also will result in all guarantees being null and void !

Web-site: CHAMPIONPUPS.COM

ALL PUPPY DEPOSIT'S ARE NON-REFUNDABLE.

Some our pups are imported from our kennel in Europe and can take up to 11-12 months for the double registration papers to come in FCI (federation club international) and AKC (american kennel club), so please GIVE US TIME BEFORE YOU contact us about registration papers & pedigree of your puppy until it has been over that time limit.
